BOOKS BY KATO HAVAS

Stage Fright: Its causes and cures *"It is the most realistic and practical approach imaginable ... it is a book that should be worth its weight in gold to every student and many a performer."* – **Yehudi Menuhin**

The Twelve Lesson Course *"Havas deserves great credit for recognizing the manifestations of autonomous regulation, exploiting their pedagogical implications, and proving their validity in all age groups and at any level of technical proficiency."* – **Dr. F.A. Hellebrandt M.D., "The Strad"**

A New Approach to Violin Playing *"I was privileged to witness the teaching of a method of violin playing, entirely new to me, which I believe is capable of revolutionizing the technique of playing...writing as a personal witness I must say that I have been amazed at the result of this unusual approach."* – **Noel Hale F.R.A.M., "The Strad"**

Kato Havas's books have so far been translated into German, Swedish, Italian, Dutch, Spanish, Czech, Hungarian, Chinese and Japanese.

The Kato Havas Teaching Video is now only available on DVD. It includes detailed exercises on the release of tension and the prevention of anxiety in performance. Kato covers all aspects of right arm and left hand technique, assisted by pupils and former pupils.

"There's a pleasing immediacy about the film. No quirky camera angles but everything clearly shown that needs to be. It gives the viewer the illusion of being in the same room. An invaluable reminder of her own inimitable brand of teaching."
– **The Strad**

"I would certainly recommend this well-made video to anyone who wants to be made to think. It should be especially valuable to players who have experienced discomfort in string playing." – **Music Teacher**

"A new video is now available. And it is one you will NOT WANT TO MISS. The thought-provoking work of Kato Havas has long been with us and this 1 hour video concisely captures her contributions for the viewer." – **The American String Teacher**

This video has recently been dubbed into Czech.
